

# What does the CRC cards look like physically?

*Figure 1. A Class-Responsibility-collaborator (CRC) index card*

- All the information for an object is written on a 4" X 6" index card.
- These have the advantage that they are cheap, portable, readily available, and familiar.
- The class name appears underlined in the upper-left hand corner.
- A bullet-list of responsibilities appears under it in the left two-thirds of the card.
- And the list of collaborators appears in the right third.
